

Approved Jacket Style, beginning with 2015 season

All members to be compliant by 2016 season

The VHSSUA membership approved a change from a plain navy colored jacket to a jacket that has a navy colored base and shoulder inserts of red and white.

Jackets are available on a number of officiating gear web sites and offer 2 variations with the approved style. One variation has a full zippered front and is made of a warmer fabric with some weather resistant features. The other variation is a lighter weight material and is a half zippered, pullover style. The

2 types are shown below along with the web site address for Purchase Officials with whom VHSSUA has an arrangement for a 5% rebate to the association for any gear purchased from the site.

Full zippered front

Half zippered pullover
